REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: prior art of record when considered as a whole discloses a circuit of similar structure to that of the claimed invention. Prior art, however, fails to show that the circuit comprises a bridge comprising four transistors and corresponding bulk diodes of the transistor, wherein the transistors are arranged so that the four bulk diodes form a bridge.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jung Kim whose telephone number is (703)305-7242. The examiner can normally be reached on Monday through Friday from 9 am to 5 pm.

Communications via Internet e-mail regarding this application, other than those under 35 U.S.C. 132 or which otherwise require a signature, may be used by the applicant and should be addressed to [timothy.callahan@uspto.gov].

All Internet e-mail communications will be made of record in the application file. PTO employees do not engage in Internet communications where there exists a possibility that sensitive information could be identified or exchanged unless the record includes a properly signed express waiver of the confidentiality requirements of 35 U.S.C. 122. This is more clearly set forth in the Interim Internet Usage Policy published in the Official Gazette of the Patent and Trademark on February 25, 1997 at 1195 OG 89.
